

- Key
- Proposed Turbine Locations
 - LVIA Study Area
 - Site Boundary
 - Lines indicating the distance from the proposed turbines
 - Local authority boundaries
 - Proposed Hub Heights may be theoretically visible
 - Proposed Blade Tips may be theoretically visible
 - Brecon Beacons National Park
 - 9) Mynyddoedd Llangatwg and Llangynidr
 - 10) Clydach Gorge
 - 11) Eastern Usk Valley
 - 12) Skirrid and Sugar Loaf
 - 15) Bloreng Summit and Slops

Notes: This drawing is based on a computer generated Zone of Theoretical Visibility (ZTV). The areas shown indicate the maximum theoretical visibility of the proposed turbines using OS Terrain 50 data only and do not take account of any screening from vegetation or built-form. The ZTV also includes an adjustment that allows for the Curvature and Light Refraction of the Earth.

This figure has been based on the following parameters:
 Turbine layout file: LTRECELYN001.WFL
 Hub height: 84m
 Rotor diameter: 117m
 Height to blade tip: 143m
